Mailing Address: _____ City/State/Zip: _____

Phone: _____ Fax: _____ E-mail: _____

Description of Work: _____

(See Building Inspection Document #GI-8 for description and explanation of the Roofing Policy)

Number of Squares: _____

Proposed Roof Material: Built-up Composition Wood Shingle Wood Shake Tile Other ____

Weight per Square of Proposed Roof Material: _____

Required Documentation (check all that apply): ICC Report Catalog Cuts Manufacturer's Specs Install Instructions

Existing Roof Material: Built-up Composition Wood Shingle Wood Shake Tile Other ____

Type of Preparation: Tear-off Overlay

Minimum Roof Class: A B C

Roof Sheathing: Skip Solid

Building Use: Single Family Dwelling Duplex Dwelling (Any dwelling 3 or more units is commercial)

Number of Existing Roof Coverings: _____

Is your Project subject to the Bates Bill regulations? (Requires class "A" Roofing): Yes No

Is your Project subject to the Wild Land Urban Interface Requirements?: Yes No

Number of Stories: _____

Existing Roof Framing/Construction: Manufactured Truss system Conventional site built roof framing

Does this permit include a re-pitch of the roof: Yes No (If Yes, plans are required and is not issued as a Reroof permit)

Roof Pitch: Pitch ≥ 4:12 Pitch < 4:12 [roofs less than 4:12 requires two (2) layers of 15# felt]

Access Instructions: Street Gate code or lock _____ Other _____

California Cool Roof Energy Requirements

NOTE: For more information and to obtain the CRRRC Product ID Cool Roof Rating Number (from the Council's Rated Product Directory). Go to: www.coolroofs.org/products/search.php

CHECK THE INTENDED METHOD OF INSTALLATION THAT MEETS COOL ROOF REQUIREMENTS (below):

Yes No

- Certified Cool Roof material will be used in the installation (product ID shall be provided at Final Inspection)
- Building has a minimum of R-38 insulation in attic.
- There are no HVAC ducts located in the attic.
- Existing HVAC ducting in attic are sealed and tested per standard energy procedure.
- Minimum 1" air space is added between the roof deck and roofing material over the attic area.
- Building has a complying radiant barrier installed throughout the roof/attic area.

***Regardless of the complying energy method selected above, a CF-2R must be completed and provided to the inspector at the time of the scheduled roof inspection. Please refer to the California Energy Commission website for details.**

ADDITIONAL WORK PERFORMED/INSTALLED WITH REROOF:

List all Proposed Structural or Dry-Rot Repairs Necessary to Perform the Reroof & Valuation: None Other

_____ Valuation: \$ _____

List all Proposed Equipment Relocations or Disconnects Necessary to Perform the Reroof & Valuation: None Other

(This may require a specialty contractor's license and separate permit)

_____ Valuation: \$ _____

List all Proposed Additions of Skylights, Dormers, Platforms, Catwalks, Equipment or Drain & Valuation: None Other

(May Require Plan Review Process):

_____ Valuation: \$ _____

Sub-TOTAL: ADDITIONAL WORK VALUATION: \$ _____

Sub-Total: Re-Roof Contract Value: \$ _____

Total Job Contract Value: \$ _____

The minimum valuation is \$345.00 per square # of squares _____ X \$345 = \$ _____

The determination of value or valuation under any of the provisions of this Code shall be made by the Building Official. The value to be used in computing the permit fee shall be the total value of all construction work for which the permit is issued with a minimum of \$345 per square.

Under Penalty of perjury, I declare that I have examined this application and all accompanying documents, and to the best of my knowledge and belief, they are true, correct and complete. - Contractor Owner Agent for Contractor
- Agent for Owner - Requires a wet signed letter from the owner giving you authorization to act as agent for owner before the permit can be issued.

Important Notices and Instructions to Applicants

California State law requires that every permit applicant provide specific information and declarations regarding the proposed work. Please read the information below and follow the directions pertaining to your particular permit application. All applicants must provide the information requested on this Permit Application. If you are unsure about any item, counter staff will assist you. **Please note that all rates, fees and costs are those in force at the time of the transaction and not the permit issuance date.**

EXPIRATION OF PERMIT

Every permit issued by the Building Official under the provisions of the technical codes shall expire by limitation and become null and void if the building or work authorized by such permit is not commenced within 180 days from the date of such permit or if the building or work authorized by such permit is suspended or abandoned at any time after the work is commenced for a period of 180 days. Before such work can be recommenced, the permit shall be renewed. The fee for renewal shall be one-half the amount required for a new permit for such work, provided no changes have been made or will be made in the original plans and specifications for such work; and provided further that such suspension or abandonment has not exceeded one year. In order to renew action on a permit after the building or work has been suspended or abandoned or the permit has been expired for a period exceeding one year, the permittee shall pay a new full permit fee. Permits deemed to have been expired shall be subject to all permit related fee increases and new fees in effect at the time of permit renewal as applicable subject to the discretion of the Building Official. The Building Official shall have discretion to adjust permit renewal fees when extenuating circumstances exist.

Permits will be deemed to have expired if there has been no inspection of work within a 180-day period.

When the work is not ready for a required inspection within 180 days of the last inspection, the permittee must request a progress inspection to keep the permit active. Any applicant holding an unexpired permit may apply for an extension of the time within which work may commence under that permit when the applicant is unable to commence work within the time required by this section for good and satisfactory reasons. The Building Official may extend the time for action by the applicant showing that circumstances beyond the control of the applicant have prevented action from being taken. No permit shall be extended more than once. All building permits shall expire two years after the issuance date. The permit may be extended beyond this period if the work authorized by the permit is being diligently pursued but only upon written request by the applicant. Review of the request and granting of an approved time extension beyond two years shall be made by the Building Official.

REFUND OF FEES

The Building Official may authorize the refunding of any fee paid hereunder that was erroneously paid or collected. The Building Official may authorize the refunding of not more than 40 percent of the total permit fee paid when no work has been done under a permit issued in accordance with this Code. Where no plan review fee was required, the Building Official may authorize the refunding of not more than 80 percent of the total permit fee paid when no work has been done under a permit issued in accordance with this Code. The Building Official may authorize the refunding of not more than 80 percent of the plan review fee paid when an application for a permit for which a plan review has been paid is withdrawn or canceled before any plan reviewing is done. The Building Official shall not authorize the refunding of any fee paid except upon written application filed by the original applicant no later than 180 days after the date of fee payment. (Use Refund Request Form #FE-10)

RE-INSPECTION FEES

A re-inspection fee may be assessed for each inspection or re-inspection when such portion of work for which inspection is called is not completely ready, when there are excessive failed inspections, when excessive inspections place the County at the risk of financial loss or when previous written corrections have not been made, when the job address is not clearly posted and visible from the street or the front of the building, where the inspector has no access to the work to be inspected, when the approved plans are not readily available to the inspector, when the Permit Application or a copy, and/or any previous correction notice(s) are not in the building permit job folder and for deviating from the approved plans requiring the approval of the Building Official.

This section is not to be interpreted as requiring re-inspection fees the first time a job is rejected for failure to comply with the requirements of this code, but as controlling the practice of calling for inspections before the job is completely ready for such inspection, excessive inspections resultant from failed inspections or when plans and/or permit documents are not available to the inspector at the site where the inspection is to be performed. To obtain a re-inspection, the applicant shall pay the re-inspection fee in accordance with the Sacramento County Code. In instances where re-inspection fees have been assessed, no additional inspection of the work will be performed until the required fees have been paid.

INSPECTION REQUESTS

It shall be the duty of the holder of the building permit or their duly authorized agent to notify the building official when work is ready for inspection. It shall be the duty of the permit holder to provide access to and means for inspections of such work that are required by this code. Requests for inspections shall be filed at least one working day before such inspection is desired. Such request may be made in person at a permit office, by

utilizing the automated telephone system (916) 875-5296 or electronically on line at www.building.saccounty.net. To schedule an inspection on line you must first register per the instructions found on the website. Scheduled inspections may be delayed (rolled to the next day) when a day's inspection requests are beyond the capability of our staff to complete them.

INSPECTION MEANS AND METHODS, ACCESS TO THE WORK AND DOCUMENTATION

Beginning on January 1, 2015 the County of Sacramento Building Permits & Inspections will no longer provide ladders for Residential and Commercial inspections. It shall be the duty of the person, applicant or their representative requesting the inspection required by the code to provide safe and full access to and the means of inspection of the work.

Ladders that are provided for the purpose of making inspections of the work shall be rated a minimum of "Extra Heavy Duty IA type and comply with Cal-OSHA Subchapter 7 – General Safety Orders: Group 1, General Physical Conditions and Structures: Article 4 – Access, Work Space and Work Areas.

This policy is in compliance with the California Residential Code, California Mechanical Code, California Plumbing Code and the County of Sacramento Building Division Policy.

Applicant shall please take notice that if, for any reason, in the judgment of the Inspector, the work area is unsafe or that adequate access and means of conducting an inspection of the work is impeded or equipment furnished is unsafe the inspector shall have the sole discretion to terminate the inspection. Rescheduled and/or reinspections will be subject to the payment of fees for such additional work.

Some inspections may include and/or require photographic and/or video documentation as a part of the inspection process. Such documentation shall be limited to those items of work covered under the permit. Video or digital photographic materials may be submitted to the Sacramento County Building Permits & Inspection Division either by County inspection personnel or by third parties. However, acceptance of such documentation shall be at the sole discretion of the Chief Building Official. Photographic or video documentation, if accepted, shall be maintained by the Sacramento County Building Permits & Inspection Division and made a part of the permit record.

As a condition of permit issuance, the permit applicant and property owner(s) hereby expressly consent to photographic and/or video recordation and documentation for inspection purposes. The permit applicant and property owner(s) also hereby expressly grants permission to the Sacramento County Building Permits and Inspection Division, its assigns and related entities, to maintain said photographic or video recordings as part of the permit record kept in the ordinary course of business. Additionally, the permit applicant and property owner(s) hereby expressly grant to the Sacramento County Building Permits and Inspection Division ownership and rights to this photographic and/or video recordation and documentation and waive any claims or causes of action related thereto. Further, the permit applicant and property owner(s) shall indemnify, defend, and hold harmless the County of Sacramento, its Board of Supervisors, officers, directors, agents, employees and volunteers from and against any and all claims, demands, actions, losses, liabilities, damages, and costs, including reasonable attorneys' fees, arising out of or resulting from the use and maintenance of photographic and/or video recordation and documentation for inspection purposes.

REQUIRED DECLARATIONS

Please complete all applicable sections in the declarations below. This application is NOT a permit. A valid permit results and is issued when the complete application, plan documents and required information has been approved, all fees paid and acknowledged by the Chief Building Official.

LICENSED CONTRACTOR DECLARATION

This statement may be signed by the contractor or a corporate officer of a construction company, including President, Vice President, Secretary, Treasurer, Trustee, Chairman of the Board, or Responsible Managing Employee (RME). An agent for the contractor may sign only if the Building Inspection Division has received a letter from the contractor authorizing the agent to sign. The person signing must list his/her title.

I hereby affirm under penalty of perjury that I am licensed under provisions of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, and my license is in full force and effect.

License No.: _____ License Class: _____

Contractor Signature: _____ Date: _____

OWNER-BUILDER DECLARATION

This statement may be signed by the owner, tenant, lessee, architect, engineer, or an agent of any of these. One of the three boxes must be checked. The owner must also complete and sign the Worker's Compensation Declaration.

I hereby affirm under penalty of perjury that I am exempt from the Contractors' State License Law for the reason(s) indicated below by the checkmark(s) I have placed next to the applicable item(s) (Section 7031.5, Business and Professions Code: Any city or county that requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for the permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractors' State License Law of the Business and Professions Code or that he or she is exempt from licensure and the basis for the alleged exemption. Any violation of by any applicant for a permit subjects the applicant to a civil penalty:

- I, as owner of the property, or my employees with wages as their sole compensation, will do all of or portions of the work, and the structure is not intended or offered for sale. The Contractors' State License Law does not apply to an owner of property who, through employees' or personal effort, builds or improves the property, provided that the improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the Owner-Builder will have the burden of proving that it was not built or improved for the purpose of sale.
- I, as owner of the property, am exclusively contracting with licensed Contractors to construct the project (Section 7044, Business and Professions Code: The Contractors' State License Law does not apply to an owner of property who builds or improves thereon, and who contracts for the projects with a licensed Contractor pursuant to the Contractors' State License Law.).
- I am exempt from licensure under the Contractors' State License Law for the following reason:

By my signature below I acknowledge that, except for my personal residence in which I must have resided for at least one year prior to completion of the improvements covered by this permit, I cannot legally sell a structure that I have built as an owner-builder if it has not been constructed in its entirety by licensed contractors.

I understand that a copy of the applicable law of the Business and Professions Code is available upon request when this application is submitted or at the following Web site: <http://www.leginfo.ca.gov/calaw.html>.

Signature of Property Owner or Authorized Agent _____ Date _____

WORKERS' COMPENSATION DECLARATION

WARNING: FAILURE TO SECURE WORKERS' COMPENSATION COVERAGE IS UNLAWFUL AND SHALL SUBJECT AN EMPLOYER TO CRIMINAL PENALTIES AND CIVIL FINES UP TO ONE HUNDRED THOUSAND DOLLARS (\$100,000), IN ADDITION TO THE COST OF COMPENSATION, DAMAGES AS PROVIDED FOR IN THE LABOR CODE, INTEREST, AND ATTORNEY'S FEES.

This statement must be signed by the contractor, owner, tenant, lessee, or an agent of these.

I hereby affirm under penalty of perjury ONE of the following declarations:

- I have and will maintain a certificate of consent to self-insure for workers' compensation, issued by the Director of Industrial Relations as provided for by section 3700 of the Labor Code, for the performance of the work for which this permit is issued.

Policy Number: _____

- I have and will maintain workers' compensation insurance, as required by the Labor Code, for the performance of the work for which this permit is issued. My workers' compensation insurance carrier and policy number are:

Carrier: _____ Policy Number: _____

Expiration Date: _____ Name of Agent: _____ Phone #: _____

- I certify that, in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the workers' compensation laws of California, and agree that, if I should become subject to the workers' compensation provisions of the Labor Code, I shall forthwith comply with those provisions.

Signature of Applicant: _____ Date: _____

DECLARATION REGARDING CONSTRUCTION LENDING AGENCY

This section must be completed and available for public inspection during the regular business hours of the Authority. This is required so contact information is available for a claimant to give preliminary notice prior to filing a mechanics lien.

- I hereby affirm under penalty of perjury that THERE IS a construction lending agency for the performance of the work for which this permit is issued (Section 3097, Civil Code).

Lender's Name: _____ Lender's Address: _____

- I hereby affirm under penalty of perjury that THERE IS NOT a construction lending agency for the performance of the work for which this permit is issued.

Signature of Property Owner or Authorized Agent: _____ Date: _____

Inspection of your Permitted Work

General Information for the Contractor and Property Owner

All permitted work requires one or more inspections by our County Building Permits and Inspectors to verify that the work has been done correctly and that the public will have safe use of any building project.

- The contractor shall coordinate work and inspections and is responsible for fulfilling the requirements of his contractor's license when involved in any building construction work.
- The current property owner (and/or future owner) is ultimately the responsible party in meeting the requirements of the permit to ensure that the permitting and inspections were completed on their property. Even if a permitted project is abandoned by a contractor or the contractor is terminated by the property owner, the property owner still remains the responsible party in meeting the requirements of receiving "final approval" and the appropriate Certificate of Occupancy issued by Building Permits and Inspection.
- A future owner of property with any existing building structures continues to be responsible for the completion and compliance of these previously constructed building projects. This is true even when the property is bought through a foreclosure process. A building violation remains a building violation until corrections are made, permits are secured and the project has received final approval from the County of Sacramento Building Permits and Inspection.

Important Note Regarding Inspection

Often when the "Final Inspection Approval" and sign off by Sacramento County Building Permits and Inspection does not occur, this could result in the building permit expiring 6 months following its issuance due to lack of continuing progress and inspections. The "expired permit" will require a fee for renewal (reinstatement) to allow completion of inspections and final approval. The completion of the work and final inspection is responsibility of the property owner. Generally, the Building Permits and Inspection department will not pursue the contractor who did not adequately complete the inspection process, however, the property owner does have the rights to pursue legal action and/or file a complaint with the CSLB: <http://www.cslb.ca.gov> or seek civil resolution through the court system.

Consistent with California Building Code and California Residential Code, when the inspector has signed "Final Approval" on Residential permit folder, it is considered the 'Certificate of Occupancy'. For Commercial building projects, an actual 'Certificate of Occupancy' document shall be issued after completion of all inspections and record keeping. Ask the field building inspector about this process and when and how you should receive this document. It is recommended that all property owners and/or contractors retain the building permit folder as a permanent record for any and all work performed on the property.

Under Penalty of perjury, I declare that I have examined this entire application, pages 1 through 5, and all accompanying documents, and to the best of my knowledge and belief, they are true, correct, complete and that I am the owner or duly authorized agent of the owner. I agree to comply with all county and state laws relating to building construction. I hereby authorize representatives of the County of Sacramento to enter upon the above-mentioned property for inspection purposes.
